### **BUILD A NEW UKRAINE** | 03.05.22

Let's collaborate with Legos to build a new life for Ukraine and its people. People from all over the world would be invited to create and build things from blue and yellow Legos, take photos and post them on IG with your donation to a childrens relief fund.

Absolutely. When I said "build things", I didnt mean just anything. Things that are relevant to Ukraine. Love that, Claudia.
